

Early Gladeites Led A Romantic A Colorful Life

Wild Games and Fish Main Food Sources School and Church Incidents

The manner chosen to celebrate the coming of age of Belle Glade as an incorporated town, as observed at the Community Methodist church, on Sunday afternoon April 10th was unique as well as interesting to the assemblage which filled the church to capacity.

This celebration program was one which had been arranged by the Inter-School Council of Belle Glade, of which George Royal is the president, along with city officials and a number of pioneer citizens. The program in its entirety was broadcast over WSWN station with J. Tom Watson acting as the master of ceremonies.

The opening ceremony consisted of the chorus singing of several hymns, followed by an earnest prayer by H. T. Capehart, pastor of the Methodist church. Features of the program were the singing by the visited Glac Club from the High school under the direction of Miss Alma Murphy, singing the two numbers which brought it high honors at Miami. The choral choir from the colored industrial school also pleasingly sang two selected numbers.

The opening feature was the reproduction of the town meeting that resulted in the formation of Belle Glade as an incorporated village, in which a number of the pioneers who were in attendance at the holding held in the old canal bank church.

It early developed that there was a majority who favored a town set up, as well as some who vociferously opposed it.

New Orders Issued Against Parking Motor Violators

There are a lot of people in Belle Glade who hold about "red" over time parking tickets in contempt, by either throwing them away, or shifting them to near by cars, and never appearing at police head quarters to pay the modest \$2c fee.

There is a big surprise awaiting this type of offenders, as Chief Goodlett, announced that his office has a complete list of all cars operated in this section, with their name, state license and engine number.

All offenders since October 1948, are to be sent notices of their neglect, with date of offense, with notice to appear and pay up. If this notice does not bring response, then a police court summons and warrant will be issued where the penalty will be considerably higher would have been the original two-bit donation.

Belle Glade May Soon Have Lodge Of The Moose

Charles R. Hudson, working under the supervision of Frank Ray, Regional Membership Director of the Royal Order of the Moose, is a visitor in Belle Glade, this week, making a survey and laying tentative plans for the establishment of a lodge of that large and popular order in this city.

Hudson has completed the organization and installing a Moose lodge at 2204 Park, with a membership of 250 charter members.

Mr. Hudson states that requirement is one hundred members and a lodge must be chartered, and that is the number he hopes to secure here.

The Moose, with its means of unearned capital, extend funds to new lodges for the building of their lodge and club house, and that new lodge will be followed here if a lodge is formed.

The Moose lodge now has several charter members, and is a very wealthy organization, and has many features for member benefits, that are not obtained in other lodge organizations. It operates a large home at Moose Heart in Illinois, for the children and a home at the Florida City of Florida for the aged people of the order. James J. Davis of Sharon, Penna., a U. S. Senator from Pennsylvania, was the founding father of the order and a score or more years its national head.

The dinner dance at the Country Club planned for Saturday night has been postponed because of the death of B. G. Smith. Another date will be announced later.

Pohoke Election In May

The Municipal election will be held in May, when two councilmen will be elected. The present incumbents whose terms expire are A. J. Gamot and Leo Wooten, who as yet has not announced for reelection.

Methodists Plan For Handsome Church Sanctuary

The Community Methodist church, according to announcement made by the pastor, Rev. Leonard Vanderwater, with sanction of the Church Board, is now considering plan for the erection of a sizeable sanctuary building to be located north of the present church structure.

The church has a reserve fund for this purpose, but additional monies will be required and must be in hand before actual construction can be started, as provided by Methodist Administration regulations.

A business session of the official board, and others, was held at the church, on Tuesday, April 19th, at which a preliminary plan for this progressive building program was gone over in a business like manner.

WALTER GREER ARTHUR WELLS GEO. E. TEDDER R. K. HARRIS

At the time of the Town's beginning construction and transportation was by water; now we have 1100 dial phones and one good road south, with passable roads north, east and west over which thousands of truck loads of produce travel yearly; we have railroad facilities that handle five to six thousand solid cars of produce annually.

There were less than a score of school children in a one room \$200 building; now we have approximately 870 white and 180 colored students with close to a million dollars worth of buildings and grounds; and there's a generous crop of pre-school age children.

Scarborough's Celebrating Its 17th Anniversary

Seventeen years ago Mr. and Mrs. George Scarborough came to Belle Glade from Sebring, and the merchant field in a little store room which stood where the present Lutz building stands. Through the ups and downs of a growing town they have advanced and as the town has grown, so has the store.

Another large assemblage was present at the evening services when a musical program was presented by the talent of the church's musical organizations, which was most enjoyable. The Church boards, according to Rev. Enlow, have agreed to progress with the building program, and as funds come in for materials, the building will be carried on by volunteer help of the membership.

Negro Plunged Knife Blade Into Body Of Albert Pickett

Five negroes got into a fracas over on Fifth street, and during the melee Joe Johnson murdered stout switch knife blade into the anatomy of Albert Pickett.

The wound inflicted started at the rear of the shoulder and extended under the neck to within a fraction of the jugular vein making a wide open wound. Examination at the local hospital showed Pickett's wound a serious one.

Trucking Center Planned by City For Labor Loading

The oft discussed question of the city establishing a central loading center for use of the truck farmers and contract operators, came up in City Commission at its last session.

Ordinance will be enacted which will make it imperative that all loading be carried on from the center, rather than on the streets of negroville.

Glades Grown Beef Animals Outselling Most Sales To Local Buyers

Many doubting Thomases had their doubts scattered on the winds Tuesday and Wednesday of this week at the first Southeast Florida Cattle Show at the Mayo Agricultural Exhibit Building here, when cattlemen and women of all ages displayed long-grown animals.

The F. F. A. boys and the 4-H members were well represented with outstanding exhibits. The F. F. A. boys won a prize herd of Santa Gertrudis, the only purely American breed of animal existing; the U. S. Sugar Corporation showed two brahman bulls, prizes of their type.

There were milking goats—Nubians—as well as hogs. A quarter-horse colt was shown at the F. F. A. sale.

Altogether the show was a success as a beginner, and plans are being made for a second show at the Mayo Agricultural Exhibit building here next year at about the same time.

A later edition of the Herald will have pictures and details of the winners and the outstanding animals.

City Department Fee Collections Above Estimates

Business piling up for a three weeks interim between city commission meetings caused that body to have another of its midweek sessions on April 13th with Commissioners Lloyd and Rabin absent, the former on account of sickness and the latter being away on a business trip.

There were numerous pleas for monetary aid from the city and the following amounts were granted: R. D. B., \$450; Palm Beach County Chamber of Commerce, \$25; and the Palm Beach Municipal League, \$25; Belle Glade, \$25.

As an official of the Witham system of banks, Mr. Smith remained in charge of the bank at Sycamore, Ga., for the State banking department until the affairs of the bank had been completed in 1922, when he moved to Kinsman, where he was associated with the Ocochee Bank.

In 1932, Mr. Smith came to Belle Glade as Auditor and Office Manager for the N. N. Starling and Sons produce packing house and remained with the new organization, Pioneer Growers, which took over the packing operation, as a cooperative.

At the time of his death Mr. Smith was Secretary-treasurer of the Pioneer Growers, Inc. and held financial interests in other local financial ventures.

As an active participant in the business, religious, fraternal and social life of the community, Mr. Smith leaves hosts of mourners.

The Elks Club closed immediately after the announcement of his death, Tuesday afternoon and night, and the ladies of the Country Club of the Everglades re-scheduled a polo-luck luncheon and dance Saturday night as a mark of respect. Appropriate memorial services will be observed by the local Elks in the near future.

Surviving are a son, Barnes, Jr., attending Emory University in Georgia; two daughters, Mrs. William Prather, Kissimmee, and Mrs. W. W. Weeks (Continued on Page 7)

Richmond Giants Defeat Red Wings By Score Of 7-4

The first of a series of four games between the Florida Red Wings of Belle Glade, and the Richmond Giants, cracked cold with their morning and field, Saturday night, drew a good crowd, and every one enjoyed the hot entertainment and a good game. The Richmond professionals had it on out Red Wings at the bat and as that is what wins games they topped the game honorably by a score of 7 to 4.

This series of games is being sponsored by the Belle Glade P.T.A., for the purpose of raising funds for the school band, and this Association is urging that our people come out and patronize the games. New uniforms of some hand equipment are almost imperative for the band before the opening of the next school year. The new band committee, composed of members of the band members, will stage a number of events during the summer, to raise funds for the above named cause.

County Offices Proposed In Glades For Convenience of Glades Citizens

A proposed bill has been drawn in the Glades and sent to B. Elliott and the County Commission which would authorize the Commission to establish a county office in the Glades for all County offices.

Excerpts are given below and you are invited to comment on the proposition. Your view will be given publicity if you sign your name to the comment.

By reason of the growth and development of Palm Beach County, Florida, it has been necessary during the past several years and will continue to be necessary in the future that many of the officers of said county and certain of the jus-

NOT A BLANK CHECK

A stranger reading post-election discussions in the United States would think we elected a President for the principal purpose of serving the labor group, the farm group, the industrial group, or some other group that claimed he owed his success to it. As a matter of fact, we elect a President to serve all the people.

It is important to call the people's attention to this fact—and also to the fact that this election was not a selective to Congress to rubber stamp the acts of the President, because Congressmen generally received more votes than the President. There has been a lot of loose talk to the effect that the election to Mr. Truman automatically meant a swing to the left in this country—a swing toward more socialization and regulation of business, and more and more paternalism in government. Again, the facts do not justify such a belief by any Congressman or the President.

The failure of our people to pull a record vote in the last election indicates they fell no more ready to ride along than being offered them. Many thought it better to ride along than being offered a change with a candidate who both failed and refused to take issue with his opponent who stood for no program in definite opposition to the Administration. The Republicans failed to nominate a fighting ticket and take a chance on the solid Americanism of the people. Will the Democrats in their victory fail to see that it was no mandate to swing to the left if they do, they will have a surprise in store for them when the people get a chance to vote on that issue.

The vote was no blank check to either the President or Congress. If they do, they will have the resources of the nation, or to endorse socialistic measures which undermine the security of American labor, American enterprise, and the fullest freedom of action for all American citizens.

PASTURE LAND FOR RENT

Due to the fact that B. W. Thomas who for several years has leased my pasture one mile east of the airport has purchased a large tract he no longer needs my pasture.

Therefore this ¼ Sec. which is dyked, ditched, fenced, an planted to grass is for rent as well as for sale.

OBSERVATIONS
Continued from page 1.

Fred Torquast, a Michigan bred lad, is now residing in Belle Glade, and is taking the keys of the Herald's linotype machine. He finds quite a contrast between our little city and the region from which he hails. We hope to get sand and muck in his shoes so that we can claim him at the office for a long period of time.

The present crop season in the Everglades has been a peculiar one in several ways. We have experienced no heavy

Several weeks ago, after its mummy had deserted it, a small bound dog puppy came padding over my back lawn, and took position on the back steps, and there she has continued to remain as her domain. The heritage of this dog is unknown, but will say that she is as ugly and awkward a hound as I ever viewed, but she does have a quick brain, kind pleading eyes, and shows much animation when given a little petting and food, and shows dog peculiarities to a high degree. What I am getting at, is that I do not want this dog, and offer her to any child who would like to give her a good home for she would make a fine boy's pet. First come, first served, the sooner the better.

The Florida East Coast Ry. has just issued a new flyer, in which it gives the Ft. Pierce Lake Harbor division considerably, by illustration and reading matter. The folder contains a map of the region served by this division, pictures of loading sidings, of the new diesel engines used for the fast freight hauling, transporting both cane and mixed trains of glades grown vegetable products, and shows much animation when given a little petting and food, and shows dog peculiarities to a high degree. What I am getting at, is that I do not want this dog, and offer her to any child who would like to give her a good home for she would make a fine boy's pet. The first bill that was enacted by the Legislature some time ago was that of one which was approved by state wide referendum last November. The bill provided for the raising of the salary of all Legislators from \$8 to \$10.00 a day, \$7.50 a day for maintenance, and certain traveling expenses during the term. The first bill introduced, other than the salary bill, was Governor Warren's cattle fencing act.

The press of Florida was very kind in commenting on the Governor's message, and gave it high praise, for it admittedly was a far stronger and better document than had been expected to hear. It was expressed in clear and understandable language and no punches were withheld. The Governor knew what he wanted to say and he said it. He has stated repeatedly that he is in favor of the Flood and Conservation program, and spoke strongly in favor of it, and the necessity for providing the state's share of the costs.

The prison farm had raised large crops of vegetables this year which have been processed in the station canning plant, and sent to Railroad for state institution use. This farm saved the state a nice sum each year, as the prisoners were paid for the produce they raised.

downfalls of rains, we have had no killing frosts, temperatures have been abnormally warm, blackbirds after the corn have been far too numerous and destructive, crop yields have been uniformly good, prices have not been of the worst type; celeris has been prime quality, some growers have come out from behind the financial eight ball, people have been provided employment, many improvements have been made at plants, farms and cattle ranches and drainage ditches have been cleaned, expanded and many new ones constructed. Property owners are helping themselves by protecting and improving their holdings; a more optimistic spirit seems to prevail all along the line, and there are dreams of actual plans prepared for varied kind of expansion and investment. Our people have learned to take reverses, but still have strong courage to keep on trying. You can't down a spirit like that.

Have not heard of any one constructing a "blackbird" pie, as did old King Cole. Lord knows there were enough of the birds killed off to make pie enough to feed the entire Glades population.

Easter services were staged at our local churches last Sunday, which brought out huge capacity audiences. The musical programs and floral decorations were outstanding, and the pastors gave appropriate discourses.

The peak of the vegetable shipping period has been reached for this season and day by day see a bit less activity in the packing houses and in the movement of produce to market and rail. We have experienced worst seasons that the present one to fee the entire Glades population.

Sergeant Jack Rashley, who holds down the office management of the local command of the National Guard, says that the company is in need of many new recruits to bring the company up to certain enrollment standards before it goes for the annual two weeks encampment at Camp Jackson, near Columbia, S. Bit by bit the Government has brought up privately owned land within the present bounds of the Everglades National Park. The Marine Land company recently sold the government 75,000 acres. There are still 146,000 acres to be obtained. The present acreage of the new park is 1,029,238 acres. This park promises to become one of the greatest attractions in Florida, and will bring in many of tourist dollars.

Lots more merriment is noticed at the front table at the Lions club since W. L. Cunningham has returned and got into action after a long illness. He sure does not like to see things stagnant.

The city dais have recently constructed a pretty fine rock driveway around Paradise Park. It will enhance the value of property in that neighborhood, as well as afford better protection in flood periods. Plenty of parking space when events are being held in the park.

SCHOOL FOR UMPIRES
Recently in Florida, they conducted a school for baseball umpires. From some of the boys we have heard at ball games, we wonder why they didn't start them sooner.

Long Period Employees
Given Trophies by U. S. Sugar Co.

The officials of the United States Sugar Company, at Clewiston, observed the annual "President's Night" banquet and entertainment, some 127 officials and key men being at the luncheon, which provided a most pleasant one for all. Services awards were conferred on many long period employees. President Charles E. Weather-ly presented himself as highly pleased over the record made by the sugar industry during the past season and gave equal credit to all departments for the accomplishments. He states many new records had been recorded which have stood on the company's books as outstanding, to be shot at in future years. He also stated that it had been the company's policy that it would only operate in the sugar and fat cattle business in the future with sideline thrown into the cloud.

Many Glades Men Attend Consistory Rites in Lake Worth

As is the custom in all Consistories of the North and South Jurisdictions of Scottish Rite Masonry, Masonry Thursday and Easter Services are observed, as Holy Week celebrations, termed "The Crucifixion and the Resurrection of the Christ." It is also a memorial service for Consistory members passing during the year.

The Sunday afternoon services were the largest attended in the history of Lake Worth Consistory. The Scottish Rite Club of Ft. Myers, affiliated with Lake Worth Consistory, conducted similar services at its temple in that city.

The address of the day was delivered by Rabbi Richard E. Singer, of West Palm Beach, and was a wonderful and encouraging address. Those from Belle Glade in attendance at the Sunday services were: W. F. Blak, Joe Cherry, G. I. Evans, C. W. McDonald, Wendell Lyons, John M. Gledhill, Walter Schleiter, A. E. Kirchman, Wm. Young, Jack Royals, L. E. Will.

Harvard H. Burke Promoted to Sergeant

Corporal Harvard H. Burke, age 22, the son of Mr. and Mrs. Milton H. Burke of Sorrento, Florida, and the husband of the former Miss Treva Averitt, of the Sunday services were: W. F. Blak, Joe Cherry, G. I. Evans, C. W. McDonald, Wendell Lyons, John M. Gledhill, Walter Schleiter, A. E. Kirchman, Wm. Young, Jack Royals, L. E. Will.

and the Japanese Occupation Ribbon.

He attended Belle Glade High School in Belle Glade, Florida, and was employed by the J. D. and L. C. Construction Co. in Leesburg, Florida, prior to entering the United States Air Force.

Sgt. Burke arrived in Yokohama, Japan, in June, 1948 and was assigned by Far East Air Force to Johnson Air Force Base, an installation of the Fifth Air Force, the Occupational Air Force for Japan and Korea.

Rev. Herman Dam To Leave Clewiston Church To Go To St. Louis, Mo.

Rev. Herman Dam, who has been the pastor of the Community Presbyterian church in Clewiston for the past two years, has presented his resignation to become effective in May. He plans to accept a call to the pastorate of the Clifton Heights Presbyterian church at St. Louis, Mo., a church which has been without a pastor since last December, affiliated with the Northern Presbyterian church, of which he is a registered member and pastor. He accepted the St. Louis call because it gave him a larger and broader field for operation.

Rev. Dam for a time was a supply pastor of the Everglades Presbyterian church in Belle Glade, and he his wife, made many warm friends in Belle Glade. Mr. Dam has been a teacher in the Clewiston school.

Farmer Lazen How Cattle Feed Is Made By Eshelman Company

The Eshelman Feed Company, which provides is brands of cattle feed to the Kilgore section of this section, had a group of their Glades customers as its guests on April 4th.

At the Kilgore store in Pahokee a miniature feed plant has been set, to demonstrate how cattle feed was manufactured, as to ingredients and processes, which they passed to become marketable and wholesome cattle feed. Following the "show" the Eshelman people extended hospitality at one of the Pahokee restaurants in the city of a supper.

Noted Seaside Visit Townsend Testing Gardens

G. O. Townsend, our local agronomist specialist, recently had as his guests, Mr. and Mrs. H. H. Hart, of Detroit, Mich., the former being the president of the noted Perry-Morse Seed Company.

Hart primarily came to visit and inspect the Townsend test gardens, as a client customer. He expressed himself as highly pleased with what he learned and witnessed at the local nursery, as well as to see first hand, the methods of farming carried on in the Glades section.

Will Establish School For Crippled Children

The County Board of Public Instruction has announced that it will add a new type of school to the system by the opening of the fall school year, a school for the educating of crippled and handicapped children of the county. At least a three room school building will be erected and special teachers selected to man this type of school.

The board will receive bids on May 17th, on three new school structures which will be built this summer, including the Belle Glade negro elementary school. Harry Ross already has been awarded the general contract on the structure and is now at work on the job.

Car Stolen in Pahokee Located at Camp Obocchoe by Lawmen

Sam Mahoney, colored, for a long time has been one of the cooks at the state prison arm. One morning recently he was aroused to prepare the morning meal, but instead of going to his kitchen, he decided to "go over the fence" finding a prepared meal and Sam among the absent, search was at once instituted. Officer Buford Prescott picked Mahoney up near in negro town and Deputy Constable Mock took him to the jail at West Palm Beach. Tuesday, where Mahoney drew an addition year's sentence to his original term. Looks as if Sam would need to come cooking his fellow prisoners' food for some years to come.

John Henry Ford, colored, was arrested at the Wayside Inn near Camp Obocchoe and charged of larceny of an automobile, placed against him in Justice George Williams' hat official binding him over to court. Two weeks ago Johnson stole a 1941 Ford car from the Lake Shore Motor Company at Pahokee. He had the car hidden most of the time, but Constable Mock saw it in the carway and recognized it as a stolen car, and soon Johnson was in police custody.

Fish Reported As Being Again In The Big Lake Waters

Addicts of the piscatorial report that the fishing in the lake picked up over the past week end and that many fine strings of fish were brought in by fishermen. Wallace Lutz is leading in Parrish and Davis contest for April, his fish weighing an even five pounds.

Clyde Parrish and Joe Cherry, Jr., hiked over to Observation Point, and on return home they near five strings of bass, each having the limit, which run in weight from two to four pounds.

Wallace Lutz, Clyde Parrish and Coach Cooke fished the same waters and picked up fourteen more line trophies.

Solly Corbin reports many parties out from his dock, Saturday afternoon, who returned with satisfactory catches.

Paul Smith Gets Big Church Contract

The Paul Smith Construction company, of Tampa, which has done much road work and private building in this area, has recently been given a quarter of the new church of the First Presbyterian church in Tampa. Paul Smith is a relative of George Scarborough of Belle Glade.

City Jail Office Made More Attractive

New floor coverings have been provided for the police headquarters office, and the outer office has already been toned up with an attractive paint job. A new adjunct for the identification department is a picture camera and dark room, the later to be located in the city hall building, which gives now the department all necessary equipment for the work under Desk Sergeant Funk.

Post Master's Hike To Be Observed By Local Masonic Lodge

At the next regular communication of Belle Glade Lodge No. 273 F. and A. M., on April 28th a feature program will be staged. It will be Post Master's night, with all the stations being filled by the eight past masters of lodge and several visiting masters from Everglades lodge of Pahokee.

Masters degree on a class of local candidates. Junior Warden Charles Maynard will see to it that there are plenty of good hands for an after lodge social hour.

BEE POLLINATION (Continued from Page 1)

the lake lands, is now thoroughly convinced that honey bees are highly important in pollinating growing crops. Dell planted a field of squash, and got a good stand as to vines but was getting no fruit settings. He carried his troubles to the seed men and Experiment station specialists. The latter told him he was in need of better pollination and to go and see August Floyd Markham about putting in some of his bees in the field. Markham did so, and then Dell began to get his squash in abundance. The rub of it all was just as production came on, the market price and demand passed out of the picture, and the situation did not warrant the picking much of the abundant crop.

Young Scott Lee, who does his farming over around Lake Harbor and South Bay came in to town, Monday afternoon, with a pickup load of fine tomatoes, which he readily sold to local stores and individuals. Scott states that he had a good crop of the tomatoes and is able to get rid of most of them, both in the field and in the market.

"Trouble" Hotard who look after PEC shipments out of Glades states that the present season car shipments of vegetables shows around 700 cars more than the entire shipment for last year. He is expecting at least 8000 cars before the waning season ends. Figures, however, are not yet in, but good as before the peak of the season. Celery and corn continue in demand, at a profit price. The sweet corn average of the state this spring has been estimated at 12,000 acres, with 10 bush coming from the Glades area, also Zellwood, Sanford, Rushton, Plant City, Ft. Myers, Ft. Pierce, Lake City and other areas are making big shipments.

INDEPENDENTS

Continued from page 1 contributed to the fund whereby the team was able to put its \$1000 deposit for the league membership.

Ralph Kirk appeared before the City Commission, Wednesday night, and asked that a donation be made for the equipping of the team with uniforms,

gloves, bats and field equipment. A donation of \$500 was made, with the understanding that the equipment be the property of the city Recreation department, to be turned back at the end of the season. Certain percentages of the gate receipts will also be returned to the city.

Most of the members of the Commission are baseball fans, and believed that having a team in the Coast Glades League would be good advertising for the city and in the other cities of the league. Home games will be played at Memorial Field on Sunday at three o'clock.

Manager George Pugh already has a bunch of good players lined up for the Independents, and has several others who are joining, so he thinks that our home team will be able to cope very satisfactorily with their opponents. Stuart and Clewiston so far appear to be the strongest aggregations in the League, especially Stuart and Clewiston, who have been the league champions the past two seasons. Cherry, Spooner, Williams and Harrell will be the pitchers for the Independents, while

Harrell, Williams and Rhoads will do the catching.

Sunday league games resulted as follows: Lake Worth 4, Boynton 4; Stuart 18; Jupiter 3; Belle Glade 11; Okeechobee 4.

HURRY! HURRY!
Join the 11,200 pedestrians KILLED last year!

Don't go home to-night. Go to the hospital—or the morgue! Why be accused to-morrow, next week, or next year? Go on—dash through traffic when and where you should stop. Ignore red lights and safety signs. Make a fuss at the traffic cop who's trying to protect you as you tear by—hurrying to go "where."

Be impatient. Hurry, hurry and join the 11,200 pedestrians who were killed in the United States last year. 112 of them were neighbors of yours in Florida.

But perhaps you don't like the idea. Maybe you enjoy living and don't want to rush into Kansas City penitentiary. That's different—and the answer is simple. Don't hurry. Wait just the few seconds it takes the light to go green. Don't take a short cut across the middle of the block, driven even looking for you there. And no matter when or where you cross a highway, be alert. Walk safely and live longer.
